ABOUT US

Transpower Limited here in An ISO 9001:2015, 14001:2015 and 45001:2018 Certified Company was incorporated pursuant to the companies Act 2002 of the United Republic of Tanzania on the 13th day of April 2017, baring Certificate of incooperation No. 135896 as a fully fledged Electrical, ICT, HVAC and Treatment Plant and Water Works Engineering Company Certified by Contractors Registration Board (CRB).

We are dedicated to provide cutting edge solutions that prioritize safety, sustainability and efficiency, while fostering long term partnerships built on trust and integrity.

“Pursuing to provide the highest quality in engineering, design, project management services utilising customer satisfaction as our main drive to success.”

OUR VISION

To become a global leader in innovative engineering solutions, recognized for transforming industries and redefining standards through cutting-edge technology.

We aim to drive sustainable progress by addressing the world's most pressing challenges, creating solutions that balance economic growth, environmental responsibility, and social impact. By leveraging our expertise and fostering a culture of innovation, we aspire to empower communities, enhance quality of life, and contribute to building a more sustainable and equitable future for generations to come."

OUR MISSION

To deliver exceptional engineering services and solutions that consistently exceed client expectations, setting new benchmarks for quality and innovation.

We aim to cultivate a culture of collaboration and creativity within our team, empowering our people to push boundaries and achieve excellence. By integrating sustainability and ethical practices into our work, we are dedicated to contributing positively to the advancement of society, driving progress, and leaving a lasting legacy of impactful solutions that benefit communities and the environment

“

Pursuing to provide the highest quality in engineering, design, project management services utilising customer satisfaction as our main drive to success.

OUR CORE VALUES

Innovation

We embrace innovation as a driving force for progress, constantly seeking new and creative solutions to challenges.

Excellence

We are committed to delivering excellence in everything we do, from project execution to customer service.

Integrity

We uphold the highest ethical standards in all our interactions, fostering trust and transparency with our clients, partners, and team members.

Collaboration

We believe in the power of collaboration and teamwork, leveraging diverse perspectives to achieve shared goals.

Sustainability

We are dedicated to promoting environmental responsibility and sustainability in our projects and operations.

OUR SERVICES

Electrical Contractors Works

- Industrial Installation.
- Commercial Building Installations.
- Resident Building Installations.
- Power line Constructions.
- Energy Auditing and Power Factor Correction Correction Equipments Installtion.
- Servicing and Maintainance of Electrical Machines and Equipments.
- Installation of Power Substations.

Heating, Ventilation and Air Conditioning Works

- Split Air Conditioning System Installation: Precise installation of split AC systems for optimal climate control.
- VRF Systems Installations: Cutting-edge Variable Refrigerant Flow systems for flexible and efficient cooling.
- Chiller System Installations: Professional chiller installations catering to industrial and large-scale cooling needs.

Telecommunication, ICT and Security System

- Structured Cabling: Organized and scalable cabling infrastructure for seamless connectivity.
- Camera Installations: High-resolution security camera setup for monitoring and protection.
- Door Access Control Installations: Advanced access systems ensuring security and ease of use.

Water Works Specialists

- Treatment Plant Constructions: Development of efficient water treatment facilities.
- Irrigation Schemes: Comprehensive irrigation solutions to boost agricultural productivity.
- Water Supply Constructions: Reliable water supply systems for urban and rural needs.
- Waste Water Management: Innovative waste management systems to promote sustainability.

SUMMARIZED WORKS

Our company has executed assorted projects of works. The summary of the referred contracts is as tabulated below:

NAME OF CONTRACT	EMPLOYER, CONTACT ADDRESS/ TEL /FAX	CONTRACT SUM (IN TZS)
Management of Supply and installation of medium and low voltage lines, distribution transformers and connection of customers connection in GEITA region on Turnkey Basis phase III	White City International Contractors Company Ltd & Guangdong Jianneng Electric Power Engineering Company Limited. P. O. Box 62189, Dar es Salaam, Tanzania.	TZS 78,841,752,909.23
Management of Supply and installation of medium and low voltage lines, distribution transformers and connection of customers connection in SIMIYU region on Turnkey Basis phase III	White City International Contractors Company Ltd & Guangdong Jianneng Electric Power Engineering Company Limited. P. O. Box 62189, Dar es Salaam, Tanzania.	TZS 33, 991,857,361.99
Electrification of Nguliyati water Supply Scheme Project in Bariadi	Pioneer Builders Ltd	TZS 552,209,320.00
Installation of LV Lines, Distribution transformers and connection of customers in Kigoma Region - Work Order Number DEL/DENSIIB/ KIGOMA/002.	Derm Group (T) Ltd P. O. Box 4756, Dar es Salaam, Tanzania	TZS 308,738,750.00
Management of Supply and installation of medium and low voltage lines, distribution transformers and connection of customers connection in SIMIYU region on Turnkey Basis phase III	White City International Contractors Company Ltd & Guangdong Jianneng Electric Power Engineering Company Limited. P. O. Box 62189, Dar es Salaam, Tanzania.	TZS 33, 991,857,361.99
Construction of MV and LV Lines Distribution Networks and Consumer Connection in Tunduru and Namtumbo Districts in Ruvuma Region	White City International Contractors Company Ltd & Guangdong Jianneng Electric Power Engineering Company Limited. P. O. Box 62189, Dar es Salaam, Tanzania.	TZS 2,593,571,615.00
Construction of MV and LV Lines Distribution Networks and Consumer Connection in Mbazi District in Songwe Region	Derm Group (I) Ltd P. O. Box 4756, Dar es Salaam, Tanzania.	TZS 919,806,932.00
Construction of MV and LV Lines Distribution Networks and Consumer Connection in Handeni, Muheza and Lushoto Districts in Tanga Region	Derm Group (T) Ltd P. O. Box 4756, Dar es Salaam, Tanzania.	TZS 1,567,076,992.37
Construction of Medium and Low Voltage Lines, Installation of Distribution Transformers and Connection of customers in Un-electrified rural areas of Same District in Kilimanjaro Region on Turnkey basis Lot 3	Rural energy Agency (REA) P. O. Box 2153. Dodoma, Tanzania.	Tshs. 2,705,896,513.22

SAFETY PRECAUTIONS

Effective controls protect workers from workplace hazards; help avoid injuries, illnesses, and incidents; minimize or eliminate safety and health risks; and help employers provide workers with safe and healthful working conditions.

“

Safety is paramount, encompassing principles, practices, and regulations aimed at ensuring the protection of human life, property, and the environment.

WHY CHOOSE US?

We are committed to ISO Standards and Procedures through ensuring quality in both our materials and processes, complying with occupational health and safety regulations and caring on built environment around our construction premises.

ISO CERTIFICATION

TRANSPOWER

CELEBRATING EXCELLENCE

Transpower Limited is ISO Certified!

ISO 9001:2015

ISO 14001:2015

ISO 45001:2018

We are delighted to share a significant milestone with you—Transpower Limited is now officially ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certified.

This globally recognized certification emphasizes our firm commitment to quality, environmental sustainability, occupational health and safety management.

It validates our dedication to excellence across all aspects of our operations, including engineering, supply, installation, testing, and commissioning of Electrical, HVAC, Telecommunication, ICT, Security Systems, Water Works, and Support Services.

As we celebrate this achievement, we remain persistent in our commitment to maintaining and exceeding the standards these certifications represent.

Your trust and support have been pivotal to our journey, and we look forward to continuing to deliver exceptional value and satisfaction to you.

Thank you for being an integral part of our success story.
